## **American Kobe Wagyu Burgers and Ground Beef**

**G**ive your customers the best burgers they've ever eaten! American Kobe Wagyu Beef is a succulent all-natural beef that comes from cattle that have been raised slowly and naturally using traditional Japanese methods. The emphasis is on quality, not quantity and your patrons can savor the difference! The marbling in this beef creates burgers that are extremely flavorful, but because the fat is monounsaturated, it has an appealing health profile. Arrowhead Specialty Meats custom grinds this outstanding meat to their specifications, so you get the highest quality product.

Burger patties are available in a number of different weights, including the extremely popular and trendy sliders. Or form your own patties with American Kobe Wagyu ground beef.

***For all your specialty ground beef needs,  
Arrowhead Specialty Meats has a wide selection!***
